

Presenting 13% to 20% Return Opportunities at New York Conference

SCOTTSDALE, ARIZONA, September 24, 2014 – [KEY CAPITAL CORPORATION](#) (OTC Pink: KCPC) advises that [Red Rock Assets](#) will present the Company's resource project loan opportunities at the upcoming American Bankers 'P2P Lending+Investing' Conference to be held at the Sheraton New York in Times Square on October 6th and 7th.

The P2P Lending+Investing Conference will bring together bankers, hedge funds, institutional investors, and wealth managers looking to invest in P2P and nontraditional originated loans, such as now offered by online social lending and crowdfunding platforms that are democratizing traditional lending .

Lending directly to mining and energy production projects offers lenders an opportunity to participate in resource industry project loans that offer a 13% to 20% annual return over an eight-year term. These direct loan opportunities have previously been unavailable to the public and predominantly has been the exclusive domain of banks, institutions, and the well-connected.

Details of project loan opportunities can be accessed at www.redrockassets.com and are summarized as:

1. [GeoGlobal Resources](#) oil and gas interests in India are already in production and others are being developed.
2. [Doves Nest](#) Gold Project in Idaho Springs/Century City historic gold mining district of Colorado plans to build a 400tpd plant to start commercial gold production.
3. [Chloride Copper Mine](#) in Arizona is a historic mine that ceased operation in 1993 when copper prices were below US\$1.00/lb. The mine now plans to go back into production.
4. [Jayapura Nickel Project](#) in Papua, Indonesia plans to mine and process its extensive nickel laterite and saprolite.

ABOUT KEY CAPITAL, (OTC Pink:KCPC): Key Capital is a streaming, structured finance, and equity funder of mining projects that through its funding agreements with its client partners retains an interest in the production of mines containing gold, silver, or base metals, or in energy products. The Company is a Georgia corporation headquartered in Scottsdale, Arizona that holds a 65% interest in GeoGlobal Resources, Inc., and has agreement with related party, Red Rock Assets, LLC, for the funding of resource and energy projects through its online lending platform.
